Subject: PFC Energy Reference Letter for:
Gildart Construction Company -Mr. Jimmy Gildart

To Whom It May Concern:

Last year, PFC Energy built a new office in Houston and we chose Jimmy Gildart and Gildart Construction to manage the project on this 8400 square foot facility. We had an extremely aggressive build out schedule, just a few weeks, in fact and Jimmy and his team worked tirelessly to complete the job on time, and within our budget. The completed office is well beyond our expectations and we now have a stunning space to host our clients.

Since I am located in Washington DC where our corporate headquarters is located, I relied heavily on Jimmy to keep me informed and to coordinate with the Architect, Building Management and the City of Houston. He was an invaluable asset to this project. I have worked with many contractors over the years and I believe Jimmy is the only one that could have completed this job on time. Jimmy was personally involved in every aspect of our project and he delivered on every commitment he made.

We look forward to working with Jimmy on any future projects and we are more than happy and willing to serve as a reference on any potential projects that Gildart Construction may become involved with.

Sincerely,

J. Robinson West

Chairman
