To Whom It May Concern:

On behalf of A Fare Extraordinaire, I am pleased to endorse Gildart Construction Company for the excellent service and workmanship they provided our organization this past year. I personally collaborated with James Gildart, owner of Gildart Construction Company, regarding the remodeling of our corporate offices.

James Gildart and his staff were very astute with regard to their knowledge of office remodeling in general and to our specific options in particular. They were able to provide an efficient workable solution given our restricted space availability.

As Vice President of A Fare Extraordinaire, I would definitely reappoint Gildart Constructions Company for our future remodeling needs. I recommend this company highly for your consideration.

Sincerely,

Mary Jo Caya  
Vice President
